AUSTRIA - EASTERN STYRIA

Alpine meadows with wild herbs and orchids, romantic flower villages, sunny fruit gardens and vineyards. – In the East of Styria you can find an incomparable countryside idyll where authentic protagonists live in a traditional and sustainable way. The Eastern Styria invites you to enjoy special and unique gardens with different botanical and cultural focus areas. We would like to take you on an amazing garden treasure hunt!

HUNGARY - KOMITAT VAS

Welcome to the western gate of Hungary, to Vas County. Where the West meets the Southern West, where Alpine slopes dissolve into the valleys of rivers and brooks, there you can find Vas county. Whilst passing through Vas County, the visitor can sense the calm of quiet harmony. People living here are caring a lot about this land, which can be seen in the varying beauty of it.

SLOVENIA - POMURJE

Eastern Slovenia is a land of wide fields and rolling landscapes, storks, wind-rattles, floating mills, healing waters, energy points, picturesque wine-growing hills, unique traditions and dialects and, most importantly, it's home to hospitable people. This landscape is rich in natural thermal spas that will strengthen and re-energise you. The region is home to three protected nature areas: Nature Park Goričko, Nature Park Ljutomer – Jerusalem and Nature Park Negova.

CROATIA - MEDIMURJE

In the northernmost part of Croatia, between the Drava and Mura, with green hills and rich plains, there is a charming little place called Medjimurje. Both simple and splendid, its uniqueness has always amazed people and it proudly bears the name of „Cvjetnjak Hrvatske“ (Croatia's flower garden). Just a step away from major European cities, the perfect combination of traditional and modern with a lot to offer has evolved from rich cultural-historical foundations.
